**From his early days as a computer programmer, to his time as a hedge fund manager, to his founding of Amazon, Bezos has always been driven by a need to innovate and disrupt. He has a laser-like focus on his goals, and an almost inhuman ability to work long hours and make quick decisions.**

**Bezos is also a master of marketing and public relations, and has used his skills to build Amazon into one of the most powerful companies in the world. He is a relentless negotiator, and is always looking for ways to get an edge on his competitors.**
