Jeff Bezos, the founder of Amazon, has bought a house in Washington D.C. for \$23 million. The house is 8,700 square feet and is located in the Kalorama neighborhood. This is the second most expensive home purchase in D.C. history.

Jeff Bezos is the founder and CEO of Amazon, and is now the richest man in the world. He recently purchased a \$23 million home in Washington D.C.

The home is a 27,000 square-foot mansion located in the Kalorama neighborhood. It has eight bedrooms, eleven bathrooms, six fireplaces, and a two-story library.

Bezos and his wife, MacKenzie, have four children. They have been married for 25 years.

This is Jeff Bezos' first home purchase in the Washington D.C. area. He is expected to use it as a base when he is in town for business or for Amazon's lobby efforts.

The home purchase comes as Amazon is facing increased scrutiny from lawmakers and regulators. There are also protests against the company's plans to build a second headquarters in Long Island City, Queens.

In 1994, Jeff Bezos founded Amazon, an online bookstore that would eventually become the world's largest retailer. In 2013, Bezos purchased The Washington Post for \$250 million. He has also invested in several other companies, including Blue Origin, a space-exploration company, and the 10,000 Year Clock, a long-term project designed to keep time for 10,000 years.

Bezos was born in Albuquerque, New Mexico, in 1964. His mother, Jacklyn, was a teenage mother, and his father, Ted, was a bicycle-shop owner. Bezos was a gifted student and showed an early interest in science and technology. He attended Princeton University, where he studied computer science and electrical engineering.

After graduation, Bezos worked on Wall Street for a few years before moving to Seattle to start Amazon. The company was an instant success, and Bezos quickly became one of the richest men in the world. He has used his wealth to finance several ambitious projects, including The Washington Post and Blue Origin.

Bezos is a controversial figure, and his business practices have been criticized by some. However, he is also a visionary and a risk-taker, and his accomplishments are undeniable. He is one of the most influential people in the world, and he has changed the way we live and work.
